

SASSA

Specialised Conference on Social Work
of the Swiss Universities of Applied Sciences

Mission Statement

SASSA is the Specialised Conference on Social Work of the Swiss Universities of Applied Sciences.

Vision

SASSA is recognised by the relevant stakeholders as an expert for

- higher education qualifications for social work professionals
- professional development of the practical field
- knowledge generation and research required for this

SASSA supports the positioning and development of social work in the academic environment.

Values

SASSA works towards an inclusive, just society and is oriented towards the well-being of all.

SASSA cultivates cultural, linguistic, disciplinary and interdisciplinary diversity.

SASSA relies on collective intelligence and collaboration to provide innovative responses to societal challenges.

Mission

SASSA defines profiles and orientation frameworks. It takes a position on professional and educational policy issues, which it communicates to the outside world through appropriate channels.

SASSA actively builds its network and ensures concerted lobbying of relevant decision-makers in politics, education and the public.

SASSA facilitates exchange and coordination between the universities of applied sciences.

SASSA promotes the advancement of the discipline and profession, namely by fostering science communication and scientific networking.
